

LB1034 - Beyond the Basics - Advanced OpenShift Troubleshooting Techniques

Lab Content and Instructions

<https://github.com/rhpds/ocp-adv-troubleshooting-showroom/tree/main>

•

Full Offline ASCII Doc

<https://rhpds.github.io/ocp-adv-troubleshooting-showroom/modules/index.html>

•

Module Archives

[rh1-lb1034-modules.tgz](#)

Unarchive Module2, Module4, and Module5, and ModuleOVN.
Module3 archives do not need to be extracted to be read

- OVS Debug GitHub Repository

Clone this repo inside of the ModuleOVN folder

<https://github.com/mrobson/ovs-dbg.git>

- Pull image for ovs-debug

podman pull quay.io/mrobson/ovs-offline

You must update the correct paths to the location of your ModuleOVN for the commands in the lab to work correctly
